ARTICLE I
PREAMBLE

This agreement is entered into as of the First day of July, Two Thousand and Twenty , by and between the Arlington Fire District, (hereinafter referred to as the “Fire District” or the “Board of Commissioners” or the “Board” or the “District”), and the Arlington Professional Fire Fighters Association, Local No.2393, IAFF, AFL-CIO, Poughkeepsie, New York, (Hereinafter referred to as the “Association” or “Firefighters” or “Paramedics” or “Members” or “Employees”).

ARTICLE II PURPOSES

The purpose of this agreement is to provide orderly collective bargaining relations between the Arlington Fire District and the Arlington Professional Firefighters Association, to secure a prompt and equitable disposition of grievances, and to establish fair wages, hours, and working conditions.

The parties agree that all matters and proposals raised in collective bargaining have been disposed of, and no issues remain unsettled. No amendments, modifications, changes, or alterations shall be effective unless made in writing and signed by the duly authorized representatives of the parties who have executed this agreement.

ARTICLE III
TERM OF CONTRACT

This agreement shall be deemed to have come into effect on the 1st Day of July 2020. It shall continue in full force and effect until the 31st day of December, 2026, and thereafter from year to year unless either party gives notice to the other that it desires to renegotiate this agreement.

The parties agree subject to the above, to mutually exchange proposals for modification of the contract no later than thirty (30) days after the receipt of such a notice. Unless otherwise agreed, negotiations shall be commenced no later than June 15, 2026.

ARTICLE IV
RECOGNITION AND CHECK-OFF

The Fire District recognizes the Association as the exclusive negotiating representative for all career Firefighters, Firefighter/Mechanics, Fire Equipment Mechanics (FEM), Firefighter/Paramedics, Fire Captains, Fire Lieutenants, Fire Captain/MFI, Battalion Chief/MTO, Battalion Chief/Fire Prevention Officer, Battalion Chiefs, Paramedics, and Fire Equipment Mechanic's Helper of the Arlington Fire District.

For the purpose of this agreement, the title "Firefighter/Medic" shall refer to a Firefighter who is certified to do ALS/paramedic work for the Fire District.

The Fire District shall check-off all union dues and all other assessments levied by the Union on its members. The Association minutes shall authorize payroll deductions for members of any assessments or changes of assessments. The Association shall notify the Fire District of authorized payroll deductions.

The Fire District agrees to deduct, on each pay day following the execution of this agreement, from the salary of each non-union employee in the bargaining unit for which the union has been certified, a sum equal to that which an individual member pays to the union for dues, and to remit the sum deducted to the Treasurer of the Union when the regular union dues are so remitted.

The District will continue to deduct credit union withdrawals from the employee's weekly paycheck, when said employee has authorized such deductions by completing a payroll deduction card and delivering it to the District. The District will forward such deductions to the appropriate financial institution supplied to the District by the Association. The Fire District will provide for weekly payroll deductions for each employee, up to the limits established by the payroll vendor, provided there is no additional charge to the Fire District.

Names of the officers of the Association will be forwarded to the Board after the annual election, and also if there are any changes in the officers during the year.

ARTICLE V
RIGHTS OF EMPLOYEES

The Fire District will not interfere with, restrain or coerce any Employee because of membership or lawful activity in the Association, so long as said activity does not interfere with the employee's duties or with the carrying-out of the responsibilities of the Fire District, nor will the Fire District attempt to dominate or interfere with the Association.

ARTICLE VI
PAST PRACTICE

All existing terms and conditions of employment shall continue in full force and effect during the life of this agreement. It shall, however, be the prerogative of the Board to initiate and announce new policies provided that they do not conflict with matters contained herein.

A past practice will be any practice or rule relating to condition of employment which is established by (1) its clarity and consistency, (2) longevity and repetition, and (3) acceptability and mutuality. There will be no change in such condition without first having obtained agreement and consent of the other party. Questions concerning the interpretation of this provision shall be determined through the ordinary contract process provided herein.

ARTICLE VII MANAGEMENT RIGHTS

It is recognized that the management of the department, which appear on the Chain of Command chart of the current District's Rules and Regulations #G-1, the control of its properties and the maintenance of order and efficiency, are solely the responsibilities of the District. Accordingly, the District retains all rights, except as they may be specifically modified in the agreement, including, but not limited to; selection and direction of the work forces; to hire, suspend or discharge for cause; to make reasonable and binding rules which shall not be inconsistent with this agreement; to assign, promote or transfer; to determine the amount of overtime to be worked; to relieve employees from duty because of lack of work or for other legitimate reasons; to decide on the number and location of facilities and stations; to determine the work to be performed, amount of supervision necessary, equipment, methods and schedules; together with the selection, procurement, designing, engineering and the control of equipment and materials; to make other similar decisions necessary to carry out the mission of the District; and to purchase service of others, by contract or otherwise, unless specifically limited in this agreement; and to make reasonable and binding rules which shall not be inconsistent with this agreement.

ARTICLE VIII GRIEVANCE PROCEDURE

A grievance shall be any alleged violation, misinterpretation, or misapplication of a specific term and condition of this written agreement, or any established term and condition of employment. All grievances by any member of the unit shall be submitted in writing no later than thirty (30) days after the alleged grievance occurred. Grievances shall be submitted directly to the Chief, or his designee. The Chief, or his designee, will have thirty (30) days within which to respond to the grievance from the date submitted. In the event that the grievance is not satisfactorily resolved by the Chief, or his designee, or in the event that thirty (30) days have elapsed without a written response from the Chief, or his designee, the grievance shall be submitted to the Board of the Arlington Fire District. A meeting shall be scheduled within thirty (30) days between representatives of the Association's Grievance Committee and the Board, to present, discuss, and attempt to resolve the grievance. The board shall duly consider the grievance and shall respond to the grievance in writing no later than thirty (30) days after that scheduled meeting.

In event that the grievance is not resolved at the second step, either party may demand arbitration. A party wishing to move a grievance to arbitration must serve upon the Board a demand for arbitration within thirty (30) days from receipt of the Board's decision at the second step, and notify the Public Employment Relations Board ("PERB") that it is demanding arbitration. The arbitration shall be administered and conducted under PERB rules.

The Arbitrator shall be appointed on a rotating basis from the following list:
Thomas Rinaldo, Howard Edelman, Dennis Campagna, and Ira Lobel

The cost of arbitration shall be borne equally by the parties.

Under Section 203 of the Civil Service Law of the State of New York, the Arlington Professional Firefighters Association, IAFF Local 2393, is the exclusive representative of all employees, as specified in Article IV, in the administration of grievances. Neither the Board of Fire Commissioners nor the Chief shall entertain grievances not filed by the Arlington Professional Firefighters Association, IAFF Local 2393. Upon the receipt of any grievances filed by individuals, but not by the Union, such grievances shall be rejected and returned to the individual or individuals.

The foregoing procedures constitute the exclusive method for resolving any disputes which arise out of this Agreement and the employer-employee relationship, including, but not limited to, removal and other disciplinary action; however, in any case involving removal or other disciplinary action, the Union may demand arbitration within thirty (30) days of such action. The members waive the provisions of Section 75 of the Civil Service Law, and agree that any disputes relating to removal and other disciplinary action will be resolved according to the exclusive grievance and arbitration procedure set forth above.

When disciplinary action is taken, the employee will be given a specific written statement of the grounds within forty-eight (48) hours.

ARTICLE XI LONGEVITY

The Arlington Fire District and The Arlington Professional Fire Fighters Association agree that retention of employees is positive for all parties involved. In an effort to retain employees, the Longevity Pay Incentive will be as such:

Upon completion of a member's 21st year of employment within the Arlington Fire District, said member will receive a lump sum payment equal to 25% of their current cost of medical benefits. Medical benefits are considered to include Hospitalization, Medical, Pharmaceutical, Surgical, Dental, Vision, and HRA benefits. The payment amount will be determined using the medical coverage plan (single vs. family) rate that is declared for that member during the open enrollment period prior to when payment is due.

At the completion of every year of employment, after 21 years, members will receive a lump sum payment equal to 25% of the current cost of the member's elected medical benefits. The member will be paid 25% of either the elected family medical plan or the elected single medical plan. The plan selection date will mirror the plan selection made in accordance with Article XVI. Payment will be made in the pay period immediately following the member's corresponding anniversary of hire date in the Arlington Fire District. Payment will be paid in a lump sum and not included in the member's hourly rate. In order to be eligible for the Longevity Pay Incentive, members must complete the entire year. No payment will be issued for a partial year. ARTICLE XII
WORK SCHEDULE

The basic work schedule is as follows:

Groups shall consist of any number of employees assigned by the district to specific working shifts. Group shifts shall work 24 hour shifts starting at 0700 hours of the scheduled day.

- The schedule shall indicate the rotation of the four (4) groups with 24 hrs on / 72 hrs off.
- The District reserves the right to assign personnel to those groups consistent with this agreement, and to assign personnel as needed to either 24 hour shifts for group shifts or to days as listed below for day staff.
- Day Staff Hours:

Battalion Chief/MTO	0700 hours to 1500 hours Monday through Friday (additional 2 hrs documented per week)
Fire Capt./MFI	0700 hours to 1500 hours Monday through Friday (additional 2 hrs documented per week)
Battalion Chief/FPO	0700 hours to 1500 hours Monday through Friday (additional 2 hrs documented per week)
FEM/FF and Mechanics	0700 hours to 1500 hours Monday through Friday (additional 2 hrs documented per week)

The MFI, MTO, and FPO will have the ability to “Flex” their schedules, with the approval of the Chief, as long as doing so does not essentially constitute an entirely new work schedule.

The following are the allowable work schedules for firefighters on Days, as assigned by the Chief.

Firefighters on Days		
Monday – Thursday >	Monday 7a-7p	Tues, Weds, Thurs 7a-5p
Monday – Thursday >	Tuesday 7a-7p	Mon, Weds, Thurs 7a-5p
Tuesday – Friday >	Tuesday 7a-7p	Weds, Thurs, Fri 7a-5p
Monday – Friday >	7a-3p	2 hours documented

Employees on probation may have their schedule flexed with a minimum of 24 hours notice, to accommodate training for activities such as live burns, unique training opportunities, and/or unusual training circumstances. This may not be used to avoid paying overtime for contractual agreements or to alter a work schedule.

ARTICLE XIII OVERTIME

Overtime is to be paid at the rate of time and one-half (1.5) for all hours worked over forty (40) hours per week, including attendance at EMT, EMT refresher, Certified First Responder, CFR refresher, Paramedic refresher, and other courses mandated by the Board. Attendance at AFD District drills will be limited to a maximum of five (5) hands on or “working” drills per year per employee, and five (5) Arlington FD core Topic training drills per year, unless you are assisting or teaching the drill per Article XXXIV. The overtime rate is predicated on the base salary applicable at the time that the overtime is performed.

An employee may elect to accumulate compensatory time (comp. time) off at the overtime rate instead of being paid for working overtime. Payment of overtime pay or compensatory time is based on continuous time worked and is not to be divided. (Example: 10 hour shift is 10 hours overtime pay or 15 hours compensatory time, 4 hours for a drill is 4 hours overtime pay or 6 hours compensatory time)

Overtime may only be authorized by the Chief, or Board of Fire Commissioners, or in their absence, the commanding officer in charge.

Overtime hiring will be done in accordance with the provisions of the District Overtime Guidelines, Article XXXIX.

Members will be paid the 3 additional hours per week at straight time each pay period of the year, with the exception of those members attending a Firefighter Recruit Academy.

Once an Employee has started a shift, no vacation shall be granted with respect to that shift if overtime will be incurred.

New Employees, excluding all transfer employees, or resignation-reinstatement employees, who have completed their first year of employment will have up to twelve (12) Months from said anniversary date to use their vacation time earned during their first year of employment. As of the first day of January following their first anniversary date, such employee shall be entitled to their vacation time, per this article.

Employees can turn in unused, accumulated sick leave upon retirement. Payment to the employee will be made at his/her straight time rate as of their day of retirement. Percentage of accumulated sick leave payout will be paid based upon the amount of prior notice of retirement given to the District, according to the chart below. Employees may request from the Board a percentage not to exceed 66% in cases of hardship.

Length Of Notice	% Of Unused Sick Time
1 year or greater	100%
9 Months to 1 Year	75%
4 Months to 9 Months	66%
0 to 4 Months	50%

For purposes of the payout of unused sick leave upon retirement, an employee must complete the form annexed as “Notice of Intent to Retire”. For retirements other than work related disability retirements, the notice of retirement must provide a window of retirement that

is no greater than two years. The notice of intent to retire must be submitted within two years of the start date of the range of retirement. For a work related disability retirement, the unit member shall be provided with the payout of unused sick leave as if he/she provided “1 year or greater” notice so long as at least thirty (30) day notice of the retirement is provided.

For members who are not eligible for the above, the following will be applied.

Members who wish to receive 100% of the value of their sick time upon retirement will be paid with notice given to the District as follows:

Three (3) years “Notice of Intent to Retire” will be given, including the month and year of the members planned retirement date, using the “Notice of Intent to Retire Form – Part A” as annexed in this contract.

Upon completion of the first year of the “Notice of Intent to Retire” time period, the member will receive a payment for 25% of their current sick time on record. Payable on the anniversary of the notice form’s filing, at their current rate of pay.

Upon completion of the second year of the “Notice of Intent to Retire” time period, the member will receive a payment for 33% of their current sick time on record. Payable on the anniversary of the notice form’s filing at their current rate of pay.

To receive 100% of their remaining sick time on record, the member must affirm their retirement date to the Chief, nine (9) months prior to said date, utilizing the “Notice of Intent to Retire – Part B” form, as annexed in this contract. The date shall include the month and year that was originally stated on the “Notice of Intent to Retire – Part A”, with a range of no more than seven (7) days within that timeframe. If the above conditions are met, the member will receive payment of the remaining time upon retirement, at their current rate of pay.

If a member withdraws the “Notice of Intent to Retire” before any payments are received, there will be no consequence. If a member is promoted, the member will have 30 days from the start of the new promotional position, to withdraw their “Notice of Intent to Retire” without consequence. FIREFIGHTER/MEDIC PROGRAM

The Fire District and Local 2393 agree that the Association will continue providing ALS/Paramedic service and Basic Life Support for all calls within the Fire District with the understanding that the District may, at its discretion, contract out the transportation portion of such ALS/Paramedic services and Basic Life Support, and so have agreed to the following.

ARTICLE XLI
PROBATIONARY FIREFIGHTER STEPS

The probationary Firefighter (PF) reporting to work will be under the supervision of either the Station Officer, or the MTO. A copy of these guidelines will be given to each PF upon being hired by the Fire District.

STEP 1- This step will include the time needed for the PF to complete their minimum EMS training, firefighter recruit academy, and the Arlington Fire District orientation and training. The PF shall be compensated 120 hours of compensatory time off, upon graduation of “Probie School”. When the MTO believes the new employee has completed all pertinent parts of this step satisfactorily, then the Chief should be notified of completion and recommendation for moving the PF to step 2.

STEP 2- At step 2 the PF will gain experience by working days under the supervision of the MTO and/or Station Officer. The PF will perform duties as assigned, but will not work unsupervised. The PF, who have the proper certification and have met the Arlington EMS system requirements and approval, will start and continue to receive the appropriate educational incentive pay per the contract, once the PF is put into a position of providing EMS service for the Fire District. Evaluation forms will be filled out at the end of each shift. The Chief and the MTO will evaluate, with information from the Station Officer’s evaluation forms, and make recommendation for moving the PF to step 3.

STEP 3- This step will prepare the PF to transition to step 4. The PF will be assigned to work 12 hours (7a-7p) for two days and have two days off. This will continue for seven (7) cycles. This may be extended as necessary. The PF will be under the direct supervision of the Station Officer on the group they are assigned to for that period. A Mentor will assist with direct contact with the PF and work in a supervised manner with increasing responsibilities. Evaluation forms will be filled out at the end of each shift. The Chief and the MTO will evaluate, with information from the Station Officer’s evaluation forms, and make recommendation for moving the PF to step 4.

STEP 4- This step will provide the PF with increased responsibility and experience by working on shift and with a group. The PF will be under the direct supervision of the Station Officer on the Group they are assigned to. The selection of the Mentor shall be done collaboratively among the Chief and MTO; however, the final decision shall rest with the Chief, should the parties be unable to reach consensus. The PF will work in a supervised manner and will not replace a Firefighter or a Firefighter/medic who is off duty. The PF will have increased responsibility with less supervision as the employee demonstrates that he/she can do the work satisfactorily. This step will last approximately one month. The Station Officer will fill out the evaluation form at the end of each shift. At the end of the one month period, the Chief, MTO, and appropriate Battalion Chiefs will make a recommendation whether to move the PF to step 5.

STEP 5- The PF may be assigned to a group, or as day personnel, with increased responsibility and in a more unsupervised manner, but still will not replace a Firefighter or Firefighter/medic who is off duty. PF that have paramedic certification and have met the Arlington EMS system requirements and approval may start to practice and fulfill the Districts EMS/ALS provisions. Evaluations at this time will be informal and orally to assist in guidance and motivation. If there are favorable evaluations, the PF will be scheduled for removal from probation before the PF's first year anniversary. The Chief, MTO, and Chairman of the Board will meet for a final determination of the PF status. If, in the opinion of the MTO, the individual has been adequately trained following the completion of Step 4, Step 5 may be bypassed entirely, and the individual will be removed from probationary status and placed into a schedule per the transfer article.

7-B: If the employee was originally referred to the EAP as a result of a disciplinary action taken as provided in Section 4 above and the employee voluntarily admits to violation of any of the original or subsequent conditions set forth in the Treatment Agreement, the EAP shall provide the Chief and the employee with recommendations for remedial treatment or other appropriate action. The remedial treatment may consist of additional outpatient or inpatient treatment. The Fire District shall review the disciplinary penalty being held in abeyance and may implement such penalty in full or in part, or take other action the Fire District deems necessary. The Fire District may implement such penalty in full or in part, or take other action the District deems necessary. In the event the employee is required to undergo additional inpatient treatment, the employee shall utilize, in the first instance, available unused annual contractual vacation leave. In the event there is insufficient vacation leave available in the current year to cover the remaining period of attendance in the inpatient treatment program, the employee shall be placed on unpaid leave for the duration of the treatment program. The Treatment Agreement originally signed by the employee shall be amended to include any modification of treatment and/or additional conditions placed on the employee.

SECTION 8: ADDITIONAL REQUESTS FOR TREATMENT

An employee who is found by voluntary admission, to be under the influence of an intoxicating substance while on duty after two prior opportunities for treatment may be subject to termination or be given an opportunity to resign his or her position. The determination by the Fire District of whether to provide additional opportunity for treatment shall include consideration of the employee's length of service, his employment history and the interval of time since the employee last received treatment for substance abuse. There is no requirement that an employee be provided an opportunity to remain employed while undergoing treatment for substance abuse after two prior treatment opportunities. Notwithstanding anything to the contrary in this agreement, an employee who tests positive for the presence of intoxicants while on duty in violation of the District's policy on substance abuse on two occasions within any 18 month period shall be disciplined. Such discipline shall be subject to review pursuant to the contractual disciplinary procedure.

SECTION 9: ADMINISTRATIVE PROVISIONS

a) Time spent by an employee undergoing tests as provided in sections 4 and 5 herein shall be compensated pursuant to the terms of the collective bargaining agreement.

b) In the event the laboratory test requested by the employee (i.e., the second test) shows negative, as defined herein, for the presence of intoxicants, the District shall reimburse the employee for the cost of such second test.

c) Any alteration, switching, substitution or tampering with a sample or test given under this agreement by any employee shall be grounds for termination, if established pursuant to the applicable disciplinary procedure.

d) Notwithstanding anything to the contrary above, this Agreement shall not abrogate nor in any way interfere with the Fire District's right to hire employees, promote employees, layoff employees, appoint and evaluate employees, to select probationary employees for permanent appointment or to act pursuant to Sections 72 and 73 of the civil Service Law. Furthermore, this Agreement procedure shall not in any way affect, interfere with or have any bearing on matters within the jurisdiction of the Civil Service Commission.

e) The Fire District and the Union agree to meet periodically to review, and if appropriate agree to amend, this agreement to insure that it remains consistent with current federal and state law.

f) An employee shall not lose seniority or any benefits and shall accrue regular leave benefits while attending a treatment program.

g) Separability - If any clause or provision of this drug testing agreement or any addition thereto is decided by a court or administrative agency of competent jurisdiction to be in violation of any federal, state, or local law, the remaining clauses and provisions of this agreement shall remain in full force and effect.

h) Disputes concerning the interpretation or application of this agreement shall be subject to the contractual grievance procedure Article VIII.

i) Reasonable suspicion shall be defined as the physical condition, conduct, or a pattern of erratic behavior based on observation of the employee's supervisor, which indicates that the employee is under the influence of an intoxicating substance, and/or of the employee's conduct, performance or behavior which indicates that the employee is under the influence of an intoxicating substance while on duty or that the employee is engaging in illegal use, possession, distribution, or sale of a controlled substance or drug on duty based on direct observation of the employee's supervisor.

ARTICLE XLIII
LIGHT DUTY

1. Any permanent appointed member who:
 - a. Suffers serious health condition as defined by the Family and Medical Leave Act (“FMLA”) 20 CFR 825.800, which is unrelated to the member’s employment with the Arlington Fire District; and
 - b. Submits a written request for a light duty assignment in conjunction with the Certification of Physician or Practitioner Form completed by the member’s physician or practitioner (copy annexed to the Contract as Appendix A) and at least one (1) of the questions 9-13 have been answered in the affirmative:
Shall be eligible for a light duty assignment of the period not to exceed ninety (90) days. During such period the member shall continue to receive the same salary and benefits as he/she was receiving while on full duty status.

2. Members on light duty assignment shall have their choice of the following schedule options:
 - a. If the estimated duration of the condition as specified on the Certification of Physician or Practitioner Form is for ten (10) working days or less, the member shall have the option of either remaining on their current work schedule, or accepting a temporary assignment at Headquarters of either five (5) eight-hour days or four (4) ten-hour days.
 - b. If the estimated duration of the condition as specified on the Certification of Physician or Practitioner Form is for greater than ten (10) working days, the member shall have the option of accepting a temporary assignment at Headquarters of either five (5) eight-hour days or four (4) ten-hour days.
 - c. Regardless of specific schedule configuration, any member on light duty shall report for duty to the on-duty Officer at Headquarters for assignment(s). The District shall have contacted the Officer in advance to notify him/her of the light duty status of the member, as well as what duties the member is expected to perform, and when tasks are to be completed.

3. Prior to returning to full duty status, the member must present a certification of fitness to return to full duty. If the ninety (90) days of light duty period expires prior to the member’s being able to return to full duty status, then the member shall be permitted to use his/her accumulated benefit time, pending receipt of certification to return to full duty status, provided he/she has accumulated benefit time. In the event that a member’s disability will last more than ninety (90) days, the Board may consider, under extenuating circumstances, extending the light duty beyond the ninety (90) days. Any determinations shall not be construed as a past practice.

4. Any member:
 - a. Who has accumulated 50% or more of the sick time credited to them through the course of their employment shall be entitled to light duty status, provided the conditions and terms of this stipulation have been adhered to.

- b. Who has less than 50% of their credited sick time accumulated, the District shall consider the circumstances of the previous absences and medical documentation shall be submitted to substantiate these circumstances prior to the member being entitled to light duty status. Credited benefit time, as per Section 7, shall commence from time of submission of all supporting documentation. Entitlement for members at this step shall not be construed as a past practice.
 - c. Shall have the right to grieve any decision under Article VIII of the parties' collective bargaining agreement.
5. The District shall have the authority to:
 - a. Require the production of any documentation to substantiate the application;
 - b. Require that the member submit to one (1) or more medical examination related to the illness or injury, provided that such examination is at reasonable times and with reasonable notice to the employee. Examinations required by the District shall be at the District's expense. If the member's physician/practitioner and the District's physician/practitioner cannot come to a mutual agreement, then a third evaluation by a physician/practitioner of the member's choosing will be conducted, with those results being final. The cost of said third examination will be borne by the party receiving the least favorable opinion. Credited benefit, as per Section 7, shall:
 - i. Commence at Seven (7) days if found favorable to the member;
 - ii. Commence at time of opinion if found in the District's favor.
 - c. Require the member to sign forms for the release of medical information that bears upon the application;
 - d. Control the type of amount of light duty assignment(s), subject to medical restrictions as specified on the Physician/Practitioner's Certification Form.
6. Upon filing of a request for light duty, a member must cooperate with the District and provide all necessary information, reports and documentation. A determination of eligibility shall be made by the District, in writing, within seven (7) days of the submission of the light duty request, and the receipt of the completed Physician/Practitioner's Certification Form. (Appendix A)
7. Pending the initial determination of benefit eligibility, any time taken off by the member shall be charged to the member's accumulated benefit time. In the event that there is insufficient benefit time, or it becomes exhausted, the member shall take an unpaid leave of absence. If after the seven (7) days of determination and the District affirms the eligibility for light duty status, 50% of the member's benefit time used after the seven (7) days, shall be credited back to the member's accruals, rounded to the next whole number.
8. Any member shall be required to notify the District of any change in his/her condition which may enable the member to return to full duty. This notice shall be made, in writing, within forty-eight (48) hours of any such change.
9. No greater than 50% of the unit membership shall be provided with a light duty assignment for a health condition unrelated to employment during the same time period.

10. The District shall have the right to review the eligibility of the member throughout the light duty period and may terminate such benefit with cause, subject to the employee's right to grieve such termination of benefits under Article VIII of the contract. Cause of termination may include but not limited to:
 - a. Failure to complete assigned duties in a prescribed and/or timely manner;
 - b. Failure to complete assigned duties due to inadequate skills;
 - c. Refusal to complete assigned duties.
11. This Article in no way affects the privileges of members under the provisions of the Family and Medical Leave Act, Americans with Disabilities Act, or any other federal or state laws.
12. This Article applies only to health conditions unrelated to a member's employment with the Arlington Fire District. It supersedes any and all pre-existing agreements pertaining to health conditions unrelated to employment with the Arlington Fire District.

ARTICLE XLIV

INJURY REPORTING AND GENERAL MUNICIPAL LAW SECTION 207-A PROCEDURE

Section 1

This policy is intended to provide a procedure to regulate both the application for, and the award of, benefits under section 207-a of the General Municipal Law (hereafter referred to as "GML 207-a). This policy is not intended to limit or eliminate any additional requirements or benefits regarding GML 207-a set forth in the statute or case law, or to modify any requirements set forth in the Arlington Fire District Book of Rules and/or Orders, to the extent that such Rules and/or Orders are not inconsistent with this procedure.

Section 2

For the purpose of this procedure, the employer shall be referred to as the "District." Nothing in this procedure is intended to limit the right of the employer to designate a person other than the Fire Chief to receive applications or initially decide entitlement to benefits. In the event that someone other than the Fire Chief is designated to receive applications or render initial determinations, the employer will prominently publish the name of the individual who receives applications or renders initial decisions.

Section 3

A member shall notify the Station Officer as soon as possible, who shall report the injury to the Battalion Chief, which, under normal circumstances, will be within 24 hours of any injury or re-injury in the performance of his duties, or sickness as a result of the performance of duties, which necessitates medical or other lawful remedial treatment and complete an injury and/or accident report within 72 hours using the District's accident or illness report forms annexed as Attachments 1, 2, and 3. The failure to either timely report the injury or complete a timely report may be considered by the decision maker on any application. Said injury or sickness shall hereafter be referred to for purposes of this procedure as a GML 207-a disability.

Section 4

Application for GML 207-a benefits for a member of the District may be made by the member, the District or designee or some other person acting on behalf of such member using the application for 207-a, which is located on www.afd.org, under Career Forms.

Section 5

An application shall be deemed "untimely" unless it is received by the Fire Chief's office within thirty (30) days after the date of the injury or sickness upon which the application is based or within thirty (30) days after the member discovers, or should have discovered, the injury, reinjury or sickness upon which the application is based. The Fire Chief or designee may, in his/her discretion, excuse the failure to file the application within the thirty-day period upon a showing of good cause.

Section 6

The application must be made in writing on the form specified above and, where appropriate, will include a statement from the applicant's treating physician. Upon filing, the applicant will be given a copy of the application stamped with the date of receipt.

Section 7

At the same time that the applicant files for GML 207-a benefits, the applicant will apply for benefits under Workers' Compensation using forms provided by the District. The applicant is required to cooperate in the processing of any Workers' Compensation application. Unreasonable failure to cooperate in any Workers' Compensation proceeding may be considered by the decision maker on any application for GML 207-a benefits.

Section 8

After the filing of said application, the Fire Chief or designee shall have the right to require the applicant to submit to one or more medical examinations as provided by law. The Fire Chief or designee will provide the applicant with a copy of all medical reports he/she receives.

Section 9

The Fire Chief or designee shall have exclusive authority to initially determine the applicant's eligibility for benefits under GML 207-a. The Fire Chief or designee shall have the authority to conduct a full investigation of the facts concerning the application. All parties will mutually exchange records and documents obtained or relied on during the investigation and initial determination process.

Section 10

Pending the initial determination of an application, time off taken by the applicant after submission of said application and alleged to be attributable to the injury or sickness which gave rise to the claim for GML 207-a benefits shall be charged to sick leave. If the member exhausts sick leave, he/she shall be advanced sick leave until an initial determination is made.

Section 11

The Fire Chief or designee shall render a written decision on the application for benefits as soon as practicable but in no event later than fifteen (15) days after receipt of all necessary information as indicated in sections 8 and 9 above. In the event that a written decision is not issued within fifteen (15) days, the applicant will be temporarily placed on GML 207-a leave pending receipt of the written decision. A copy of the decision shall be mailed to the applicant at the address specified in the application.

Section 12

If the initial decision is that the applicant is eligible for GML 207-a benefits, then the applicant shall be so categorized and pursuant thereto any time off taken due to such injury or sickness shall be charged to GML 207-a leave. The member's GML 207-a benefits shall continue so long as the member remains eligible.

Section 13

In the event the applicant is not satisfied with the decision at the Fire Chief's level and wishes to appeal the decision, the applicant shall file within thirty (30) days of receipt of the Fire Chief's decision a written demand for arbitration of his GML 207-a claim. The claim shall be submitted to binding arbitration using the rules contained in the Voluntary Labor Arbitration Rules of the American Arbitration Association. The demand for arbitration will be filed with the

Fire Chief or designee. Upon filing, the parties will contact the next arbitrator in rotation from among Thomas Rinaldo, Ira Lobel, and Jeffrey Selchick for designation as the arbitrator. If the arbitrator is unable to serve, the next arbitrator in rotation will be contacted.

The parties to the arbitration shall be the District and the member involved. All costs billed by the arbitrator and the administrative agency shall be borne equally by the District and the member. All other costs shall be paid by the party incurring such costs, i.e. witnesses, exhibits, transcripts, etc.

Section 14

The Arbitrator shall have the authority to review the claim of entitlement to GML 207-a benefits. The Arbitrator shall have the authority to consider and decide all allegations and defenses made with regard to the GML 207-a claim, including but not limited to assertions regarding the timeliness of the GML 207-a claim. In the event of a dispute between the parties as to the nature of the proceeding, the Arbitrator shall first decide whether the proceeding presents an issue of an applicant's initial entitlement to GML 207-a benefits or whether the proceeding presents an issue of termination of GML 207-a benefits. The burden of proceeding with evidence as to the nature of the issue(s) presented shall be on the member. In the event the Arbitrator decides that the matter presents an initial GML 207-a claim, the member shall have the burden of proof by a preponderance of the evidence that he/she is entitled to receive the benefits set forth in GML 207-a with respect to an injury alleged to have occurred in the performance of his/her duties or to a sickness resulting from the performance of duties which necessitated medical or other lawful remedial treatment. In the event the Arbitrator decides the matter presents a termination of GML 207-a benefits, the District shall have the burden of proof by a preponderance of the evidence that the member is no longer eligible for GML 207-a benefits.

The Arbitrator shall have no right to amend, modify, nullify, ignore, add to, or subtract from the provisions of this procedure. The Arbitrator shall have no authority to make a decision on any issue not submitted or raised by the parties.

The decision and award of the Arbitrator shall be final and binding on all parties.

REVIEW OF DISABILITY

Section 15

(a) The Fire Chief or designee may periodically review cases of members receiving GML 207-a benefits for the purpose of determining whether the individual continues to be entitled to GML 207-a benefits, and in furtherance thereof may take such action as is appropriate under the law.

(b) Any individual who is receiving benefits under GML 207-a continues to be subject to provisions set forth in the Department's Book of Rules and in departmental orders concerning notification to the Department of the member's condition.

Section 16

Upon receipt of a certification from the District Surgeon, or a physician-designee, that may include a physician designated by Workers' Compensation, that a member is able to perform the duties of his position, the Fire Chief or designee shall notify the member of the termination of his/her GML 207-a benefit. The Fire Chief or designee shall cause service of a written notice of termination setting forth the effective date thereof and a copy of the physician certification to be made on the member. The parties will use the form annexed to this contract.

The Fire Chief or designee may, in his discretion, accept the opinion of the employee's personal physician that an employee is able to return to work consistent with the District's standards.

Section 17

If the member disagrees with the termination of the GML 207-a benefits, he/she may serve upon the Fire Chief or his designated representative, within fifteen (15) days after the receipt of the Fire Chief's notice, a written appeal for review of the initial determination, specifying the basis for the demand. If the basis for the demand is that the member disagrees with the District physician's determination, he/she will attach to his/her appeal a medical report supporting his/her position.

Section 18

Upon receipt of a timely written appeal of the Fire Chief or designee's initial decision to terminate GML 207-a benefits, the Fire Chief or his designee shall reexamine all information considered in connection with review of the member's GML 207-a status. The member may submit additional documents concerning his/her GML 207-a status to the Fire Chief or his designee. The Fire Chief or his designee may require the production of additional information concerning the member's GML 207-a status as set forth in Sections 8,9,15,16 and 17 of this procedure and/or may conduct an information conference with the member. The Fire Chief or this designee shall render a written decision of the appeal of the initial decision to terminate GML 207-a benefits no later than fifteen (15) days after receipt of all necessary information required pursuant to this Section 18.

Section 19

In the event the member is not satisfied with the decision at the Fire Chief's level and wishes to appeal, the member shall file within thirty (30) days of receipt of the Fire Chief or designee's decision a written demand for arbitration of his/her termination of GML 207-a benefits and status. The claim shall be submitted to binding arbitration using the rules contained in the Voluntary Labor Arbitration Rules of the American Arbitration Association. The demand for arbitration will be filed with the Fire Chief or designee. Upon filing, the parties will contact the next arbitrator in rotation from among Thomas Rinaldo, Ira Lobel, and Jeffrey Selchick for designation as the arbitrator. If the arbitrator is unable to serve, the next arbitrator in rotation will be contacted.

The parties to the arbitration shall be the District and the member involved. All costs billed by the arbitrator and the administrative agency shall be borne equally by the District and the member. All other costs shall be paid by the party incurring such costs, i.e. witnesses, exhibits, transcripts, etc.

Section 20

The Arbitrator shall have the authority to review the claim of continued entitlement to GML 207-a benefits. The Arbitrator shall have the authority to consider and decide all allegations and defenses made with regard to the GML 207-a claim, including but not limited to assertions regarding the timeliness of the GML 207-a claim. In the event of a dispute between the parties as to the nature of the proceeding, the Arbitrator shall first decide whether the proceeding presents an issue of an applicant's initial entitlement to GML 207-a benefits or

whether the proceeding presents an issue of termination of GML 207-a benefits. The burden of proceeding with evidence as to the nature of the issue(s) presented shall be on the member. In the event the Arbitrator decides that the matter presents an initial GML 207-a claim, the member shall have the burden of proof by a preponderance of the evidence that he/she is entitled to receive the benefits set forth in GML 207-a with respect to an injury alleged to have occurred in the performance of his/her duties or to a sickness resulting from the performance of duties which necessitated medical or other lawful remedial treatment. In the event the Arbitrator decides the matter presents a termination of GML 207-a benefits, the District shall have the burden of proof by a preponderance of the evidence that the member is no longer eligible for GML 207-a benefits.

The Arbitrator shall have no right to amend, modify, nullify, ignore, add to, or subtract from the provisions of this procedure. The Arbitrator shall have no authority to make a decision on any issue not submitted or raised by the parties.

The decision and award of the Arbitrator shall be final and binding on all parties.

LIGHT DUTY

Section 21

If the District Surgeon or designee makes a determination that the member is not capable of performing his/her regular duties but is capable of performing "light duty," the Fire Chief or designee may require the employee to return to work light duty. In such an instance, the physician making the light duty determination must be provided with a written description of the essential conditions and responsibilities for the proposed light duty position. Any determination on light duty must set forth in writing any limitations on the duties of the position that will apply to the member. In making these determinations, the parties will use the form attached to this contract.

Section 22

If the member disputes the light duty determination, he may appeal the determination using the procedures set forth in Sections 18, 19 and 20. Any such appeal must include the factual basis for the appeal, including any medical reports that dispute the light duty determination.

Section 23

Provided the employee files a timely appeal that complies with Section 22, the member's GML 207-a benefits shall continue until the Arbitrator renders a decision or the member abandons the appeal.

GENERAL PROVISIONS

Section 24

In the event that any article, section or portion of this procedure is found to be invalid by a decision of a tribunal of competent jurisdiction, then such specific article, section or portion shall be of no force and effect, but the remainder of this procedure shall continue in full force and effect. Upon the issuance of a decision invalidating any article, section or portion of this procedure, either party shall have the right immediately to reopen negotiations with respect to a substitute for such invalidated article, section or portion of this provision.

Section 25

An applicant hereunder may have a representative of his/her choosing at any state of this procedure.

Section 26

Once an applicant has been determined to be eligible to receive GML 207-a benefits, those benefits will continue pending a final determination of an Arbitrator or until the applicant abandons the process.

Section 27

This procedure shall take effect upon ratification by the parties and shall apply to any claim of entitlement to or use of GML 207-a benefits made after that date. In the event utilization of GML 207-a benefits after said date is based on an injury in the performance of duty or sickness as a result of the performance of duty which allegedly occurred prior to the ratification by the parties, the member shall comply with the terms of this agreement, within thirty (30) days of ratification of this agreement. Upon the filing of the Section 4 form, the claim for utilization of GML 207-a based on a prior injury or illness shall be decided in accordance with the terms of this procedure. If there is a dispute as to the date of occurrence of this injury or sickness, the member shall have the burden of proof by a preponderance of the evidence that the injury in the performance of duty or sickness as a result of performance of duty occurred prior to the date of ratification by the parties.

MUTUAL EXCHANGE OF RECORDS

Section 28

At all steps of this procedure the parties will mutually exchange all relevant documents, including all relevant medical records. Upon reasonable advance notice, the parties may be required to provide reasonable required medical updates.

Section 29

Any medical records exchanged in this proceeding will be kept confidential and shall not be re-disclosed except as expressly permitted or required by law. Records concerning GML 207-a will be kept separate and distinct from any other personnel files or records.
