ARTICLE III
TERM OF CONTRACT

This agreement shall be deemed to have come into effect on the 1st Day of September, 2016. It shall continue in full force and effect until the 31st day of December, 2021 and thereafter from year to year unless either party gives notice to the other that it desires to renegotiate this agreement.

The District shall defend and indemnify employees to the extent permitted under Section 18 of the Public Officers Law.

ARTICLE XXX
RETROACTIVITY OF AGREEMENT

In the event a new Agreement has not been negotiated by the expiration date of this Agreement, it is agreed by both parties hereto, that upon the signing of a new agreement all rights, privileges, and benefits of said new Agreement will be considered to have been in full force and effect as of the day following the date of expiration of this Agreement, and all rights, privileges, and benefits shall be paid and granted as of said date.

In the event that a new Agreement has not been negotiated by the expiration date of this Agreement, this Agreement shall continue in full force and effect until such time as a new Agreement is executed. All disputes resulting from contract negotiations shall be settled through binding arbitration.

ARTICLE XXXII TRANSFERS

A transfer occurs when an Employee is permanently assigned or temporarily assigned to a different group, a different work schedule, or different duty station.

If a position opens which requires a transfer, the position will be offered to all Employees who are eligible for that position in declining order of seniority. If the position is declined by all said Employees, the position will be assigned to the least senior Employee, except when such assignment, in the discretion of the Board, will not meet the needs of the District, in which case the position will be assigned to the least senior Employee whose experience is sufficient to meet such needs. Such assignment shall be reviewed periodically for the purpose of replacement by the least senior Employee.

Supervisory positions in charge of personnel shall not coerce, pressure or force any Member into foregoing their rights under this article.

Seniority shall be determined by continuous service in the Arlington Fire District calculated from the date of hire. A Paramedic who is promoted to a Firefighter's position will maintain their "in House" seniority from the date of hire as long as they continue as a Firefighter/Medic. If they are unable to continue to work as a Firefighter/Medic within the Fire District, then their seniority will change to the date that they were promoted to the Firefighters position in the Fire District. An Officer's seniority shall be from the date of promotion to that rank for all issues involving the Officer's position. (ie., Openings, Transfers, Time Off, etc.).

This same concept applies to a Firefighter who wishes to become a Paramedic only, their "in house" seniority will start the day they no longer are able to work as a Firefighter.

Continuous service shall only be broken by resignation, discharge, or retirement. Employees with the same date of hire shall be assigned to the seniority list in order of their eligibility on the Civil Service eligibility list.

MOA IN-HOUSE SENIORITY

In-house seniority for Fire Captains will be established as follows:

The initial six (6) appointees to the position of Fire Captain will be ranked based upon their date of appointment to the rank of Fire Lieutenant. This will include the provisional appointments and the initial six (6) appointments based on the results of the upcoming Fire Captain promotional exam.

For all subsequent officer appointments, in-house seniority will be assigned based on their date of appointment. If multiple appointments are made at the same time, the hiring process by the Board of Fire Commissioners will dictate seniority.

It is understood between the Fire District and the Local that no transfer between Shift, Training and/or Fire Prevention Captain positions will be entertained during the provisional phase of the promotion process. If the incumbent candidate is reachable and appointed from the upcoming Fire Captain promotional exam, the incumbent candidate will remain within the division where they are currently assigned. It is understood by all parties that, following the promotional exam, provisional candidates for these positions may not be appointed as a Fire Captain upon the Civil Service process.

ARTICLE XXXIII

None of the above staffing level requirements shall be interpreted to require the District to ensure certain equipment at each station and/or at Headquarters.

2. The Fire District authorizes the hiring of overtime to backfill Firefighter Mechanics and/or the Fire Equipment Mechanic's position to maintain a minimum staffing level of two in the shop. These positions will not be filled during times when the Maintenance Shop is closed.
3. It is agreed that the groups will be allowed to schedule Members assigned to the group on vacation and/or holiday leave on any given day, as per the District Overtime Guidelines, Article XXXIX, based on the following scale:

<u>Group Number</u>	<u>Allowed Off</u>	<u>Group Number</u>	<u>Allowed Off</u>

3	2	10	5
4	2	11	6
5	3	12	6
6	3	13	6

7. The District shall maintain a minimum staffing level of 13 at all times, subject to the limitations set forth in Paragraph 1 of this Article. The Day Staff (as defined in Article XI) will not count towards the minimum staffing level.
8. In the event any station cannot be physically manned the manpower from said station will be moved to a station that can accommodate the personnel.
9. No Employee shall be counted towards the minimum staffing in this Article who is assigned to an ambulance to provide EMS transport.
10. Members on 207-a will not count towards group numbers.

ARTICLE XLI
PROBATIONARY FIREFIGHTER STEPS

The probationary Firefighter (PF) reporting to work will be under the supervision of either the Duty Officer or the MTO. A copy of these guidelines will be given to each PF upon being hired by the Fire District.

STEP 1- This step will include the time needed for the PF to complete their minimum EMS training, basic firefighting training (229 hours), and the Arlington Fire District orientation and training. The PF shall be compensated 80 hours per article XIII, for a total of 120 hours of compensatory time off, for travel time. Upon graduation of “Probie School”, each PF will be required to take 40 hours of compensatory time off and the additional 80 hours to be used before the employees first year anniversary date. When the MTO believes the new employee has completed all pertinent parts of this step satisfactorily, then the Chief should be notified of completion and recommendation for moving the PF to step 2.

STEP 2- At step 2 the PF will gain experience by working days under the supervision of the MTO and/or Duty Officer. The PF will perform duties as assigned, but will not work unsupervised. The PF who have the proper certification and have met the Arlington EMS system requirements and approval, will start and continue to receive the appropriate educational incentive per the contract, once the PF is put into a position of providing EMS service for the Fire District. Evaluation forms will be filled out at the end of each shift. The Chief and the MTO will evaluate, with information from the Duty Officer’s evaluation forms, and make recommendation for moving the PF to step 3.

STEP 3- This step will prepare the PF to transition to step 4. The PF will be assigned to work 12 hours (7a-7p) for two days and have two days off. This will continue for seven (7) cycles. This may be extended as necessary. The PF will be under the direct supervision of the Duty Officer on the group they are assigned to for that period. A Mentor will assist with direct contact with the PF and work in a supervised manner with increasing responsibilities. The PF will start and continue to receive two (2) hours O.T., per the contract, once assigned to a group at step 3. Evaluation forms will be filled out at the end of each shift. The Chief and the MTO will evaluate, with information from the Duty Officer’s evaluation forms, and make recommendation for moving the PF to step 4.

STEP 4- This step will provide the PF with increased responsibility and experience by working on shift and with a group. The PF will be under the direct supervision of the Duty Officer on the Group they are assigned to. The selection of the Mentor shall be done collaboratively among the Chief, MTO and Shift Captain of the group to which the PF is assigned; however, the final decision shall rest with the Chief should the parties be unable to reach consensus. The PF will work in a supervised manner and will not replace a Firefighter or a Firefighter/medic who is off duty. The PF will have increased responsibility with less supervision as the employee

demonstrates that he/she can do the work satisfactorily. This step will last approximately one month. The Duty Officer will fill out the evaluation form at the end of each shift. At the end of the two one month period, the Chief, MTO, and appropriate Duty Officers will make a recommendation whether to move the PF to step 5.

STEP 5 The PF may be assigned to a group or on as day personnel with increased responsibility and in a more unsupervised manner, but still will not replace a Firefighter or Firefighter/medic who is off duty. PF that have paramedic certification and have met the Arlington EMS system requirements and approval may start to practice and fulfill the Districts EMS/ALS provisions. Evaluations at this time will be informal and orally to assist in guidance and motivation. If favorable evaluations, the PF will be scheduled for removal from probation before the PF first year anniversary. The Chief, MTO, and Chairman of the Board will meet for a final determination of the PF status. If, in the opinion of the MTO, the individual has been adequately trained following the completion of Step 4, Step 5 may be bypassed entirely and the individual will be removed from probationary status and placed into a schedule per the transfer article.

1. Any permanent appointed member who:
 - a. Suffers serious health condition as defined by the Family and Medical Leave Act (“FMLA”) 20 CFR 825.800, which is unrelated to the member’s employment with the Arlington Fire District; and
 - b. Submits a written request for a light duty assignment in conjunction with the Certification of Physician or Practitioner Form completed by the member’s physician or practitioner (copy annexed to the Stipulation as Appendix A) and at least one (1) of the questions 9-13 have been answered in the affirmative:

Shall be eligible for a light duty assignment of the period not to exceed ninety (90) days. During such period the member shall continue to receive the same salary and benefits as he/she was receiving while on full duty status.

2. Members on light duty assignment shall have their choice of the following schedule options:
 - a. If the estimated duration of the condition as specified on the Certification of Physician or Practitioner Form is for ten (10) working days or less, the member shall have the option of either remaining on their current work schedule, or accepting a temporary assignment at Headquarters of either five (5) eight-hour days or four (4) ten-hour days.
 - b. If the estimated duration of the condition as specified on the Certification of Physician or Practitioner Form is for greater than ten (10) working days, the member shall have the option of accepting a temporary assignment at Headquarters of either five (5) eight-hour days or four (4) ten-hour days.
 - c. Regardless of specific schedule configuration, any member on light duty shall report for duty to the on-duty Officer at Headquarters for assignment(s). The District shall have contacted the Officer in advance to notify him/her of the light duty status of the member, as well as what duties the member is expected to perform, and when tasks are to be completed.

3. Prior to returning to full duty status, the member must present a certification of fitness to return to full duty. If the ninety (90) days of light duty period expires prior to the member’s being able to return to full duty status, then the member shall be permitted to use his/her accumulated benefit time, pending receipt of certification to return to full duty status, provided he/she has accumulated benefit time. In the event that a member’s disability will last more than ninety (90) days, the Board may consider, under extenuating circumstances, extending the light duty beyond the ninety (90) days. Any determinations shall not be construed as a past practice.

4. Any member:
 - a. Who has accumulated 50% or more of the sick time credited to them through the course of their employment shall be entitled to light duty status, provided the conditions and terms of this stipulation have been adhered to.

- b. Who has less than 50% of their credited sick time accumulated, the District shall consider the circumstances of the previous absences and medical documentation shall be submitted to substantiate these circumstances prior to the member being entitled to light duty status. Credited benefit time, as per Section 7, shall commence from time of submission of all supporting documentation. Entitlement for members at this step shall not be construed as a past practice.
 - c. Shall have the right to grieve any decision under Article VIII of the parties' collective bargaining agreement.
5. The District shall have the authority to:
- a. Require the production of any documentation to substantiate the application;
 - b. Require that the member submit to one (1) or more medical examination related to the illness or injury, provided that such examination is at reasonable times and with reasonable notice to the employee. Examinations required by the District shall be at the District's expense. If the member's physician/practitioner and the District's physician/practitioner cannot come to a mutual agreement, then a third evaluation by a physician/practitioner of the member's choosing will be conducted, with those results being final. The cost of said third examination will be borne by the party receiving the least favorable opinion. Credited benefit, as per Section 7, shall:
 - i. Commence at Seven (7) days if found favorable to the member;
 - ii. Commence at time of opinion if found in the District's favor.
 - c. Require the member to sign forms for the release of medical information that bears upon the application;
 - d. Control the type of amount of light duty assignment(s), subject to medical restrictions as specified on the Physician/Practitioner's Certification Form.
6. Upon filing of a request for light duty, a member must cooperate with the District and provide all necessary information, reports and documentation. A determination of eligibility shall be made by the District, in writing, within seven (7) days of the submission of the light duty request, and the receipt of the completed Physician/Practitioner's Certification Form. (Appendix A)
7. Pending the initial determination of benefit eligibility, any time taken off by the member shall be charged to the member's accumulated benefit time. In the event that there is insufficient benefit time, or it becomes exhausted, the member shall take an unpaid leave of absence. If after the seven (7) days of determination and the District affirms the eligibility for light duty status, 50% of the member's benefit time used after the seven (7) days, shall be credited back to the member's accruals, rounded to the next whole number.
8. Any member shall be required to notify the District of any change in his/her condition which may enable the member to return to full duty. This notice shall be made, in writing, within forty-eight (48) hours of any such change.
9. No greater than 50% of the unit membership shall be provided with a light duty assignment for a health condition unrelated to employment during the same time period.

10. The District shall have the right to review the eligibility of the member throughout the light duty period and may terminate such benefit with cause, subject to the employee's right to grieve such termination of benefits under Article VIII of the contract. Cause of termination may include but not limited to:
 - a. Failure to complete assigned duties in a prescribed and/or timely manner;
 - b. Failure to complete assigned duties due to inadequate skills;
 - c. Refusal to complete assigned duties.
11. This stipulation in no way affects the privileges of members under the provisions of the Family and Medical Leave Act, Americans with Disabilities Act, or any other federal or state laws.
12. This stipulation applies only to health conditions unrelated to a member's employment with the Arlington Fire District. It supersedes any and all pre-existing agreements pertaining to health conditions unrelated to employment with the Arlington Fire District.

ARTICLE XLIV

INJURY REPORTING AND GENERAL MUNICIPAL LAW SECTION 207-A PROCEDURE

Section 1

This policy is intended to provide a procedure to regulate both the application for, and the award of, benefits under section 207-a of the General Municipal Law (hereafter referred to as "GML 207-a). This policy is not intended to limit or eliminate any additional requirements or benefits regarding GML 207-a set forth in the statute or case law, or to modify any requirements set forth in the Arlington Fire District Book of Rules and/or Orders to the extent that such Rules and/or Orders are not inconsistent with this procedure.

Section 2

For the purpose of this procedure, the employer shall be referred to as the "District." Nothing in this procedure is intended to limit the right of the employer to designate a person other than the Fire Chief to receive applications or initially decide entitlement to benefits. In the event that someone other than the Fire Chief is designated to receive applications or render initial determinations, the employer will prominently publish the name of the individual who receives applications or renders initial decisions.

Section 3

A member shall notify the Officer on Duty as soon as possible, which, under normal circumstances, will be within 24 hours of any injury or reinjury in the performance of his duties or sickness as a result of the performance of duties which necessitates medical or other lawful remedial treatment and complete an injury and/or accident report within 72 hours using the District's accident or illness report forms annexed as Attachments 1, 2, and 3. The failure to either timely report the injury or complete a timely report may be considered by the decision maker on any application. Said injury or sickness shall hereafter be referred to for purposes of this procedure as a GML 207-a disability.

Section 4

Application for GML 207-a benefits for a member of the Department may be made by the member, the District or designee or some other person acting on behalf of such member using the application annexed as Attachment 4.

Section 5

An application shall be deemed "untimely" unless it is received by the Fire Chief's office within thirty (30) days after the date of the injury or sickness upon which the application is based or within thirty (30) days after the member discovers, or should have discovered, the injury, reinjury or sickness upon which the application is based. The Fire Chief or designee may, in his/her discretion, excuse the failure to file the application within the thirty-day period upon a showing of good cause.

Section 6

The application must be made in writing on the form attached to this procedure and, where appropriate, will include a statement from the applicant's treating physician. Upon filing, the applicant will be given a copy of the application stamped with the date of receipt.

Section 7

At the same time that the applicant files for GML 207-a benefits, the applicant will apply for benefits under Workers' Compensation using forms provided by the District. The applicant is required to cooperate in the processing of any Workers' Compensation application. Unreasonable failure to cooperate in any Workers' Compensation proceeding may be considered by the decision maker on any application for GML 207-a benefits.

Section 8

After the filing of said application, the Fire Chief or designee shall have the right to require the applicant to submit to one or more medical examinations as provided by law. The Fire Chief or designee will provide the applicant with a copy of all medical reports he/she receives.

Section 9

The Fire Chief or designee shall have exclusive authority to initially determine the applicant's eligibility for benefits under GML 207-a. The Fire Chief or designee shall have the authority to conduct a full investigation of the facts concerning the application. All parties will mutually exchange records and documents obtained or relied on during the investigation and initial determination process.

Section 10

Pending the initial determination of an application, time off taken by the applicant after submission of said application and alleged to be attributable to the injury or sickness which gave rise to the claim for GML 207-a benefits shall be charged to sick leave. If the member exhausts sick leave, he/she shall be advanced sick leave until an initial determination is made.

Section 11

The Fire Chief or designee shall render a written decision on the application for benefits as soon as practicable but in no event later than fifteen (15) days after receipt of all necessary information as indicated in sections 8 and 9 above. In the event that a written decision is not issued within fifteen (15) days, the applicant will be temporarily placed on GML 207-a leave pending receipt of the written decision. A copy of the decision shall be mailed to the applicant at the address specified in the application.

Section 12

If the initial decision is that the applicant is eligible for GML 207-a benefits, then the applicant shall be so categorized and pursuant thereto any time off taken due to such injury or sickness shall be charged to GML 207-a leave. The member's GML 207-a benefits shall continue so long as the member remains eligible.

Section 13

In the event the applicant is not satisfied with the decision at the Fire Chief's level and wishes to appeal the decision, the applicant shall file within thirty days of receipt of the Fire Chief's decision a written demand for arbitration of his GML 207-a claim. The claim shall be submitted to binding arbitration using the rules contained in the Voluntary Labor Arbitration Rules of the American Arbitration Association. The demand for arbitration will be filed with the

Fire Chief or designee. Upon filing, the parties will contact the next arbitrator in rotation from among Thomas Rinaldo, Ira Lobel, and Jeffrey Selchick for designation as the arbitrator. If the arbitrator is unable to serve, the next arbitrator in rotation will be contacted.

The parties to the arbitration shall be the District and the member involved. All costs billed by the arbitrator and the administrative agency shall be borne equally by the District and the member. All other costs shall be paid by the party incurring such costs, i.e. witnesses, exhibits, transcripts, etc.

Section 14

The Arbitrator shall have the authority to review the claim of entitlement to GML 207-a benefits. The Arbitrator shall have the authority to consider and decide all allegations and defenses made with regard to the GML 207-a claim, including but not limited to assertions regarding the timeliness of the GML 207-a claim. In the event of a dispute between the parties as to the nature of the proceeding, the Arbitrator shall first decide whether the proceeding presents an issue of an applicant's initial entitlement to GML 207-a benefits or whether the proceeding presents an issue of termination of GML 207-a benefits. The burden of proceeding with evidence as to the nature of the issue(s) presented shall be on the member. In the event the Arbitrator decides that the matter presents an initial GML 207-a claim, the member shall have the burden of proof by a preponderance of the evidence that he/she is entitled to receive the benefits set forth in GML 207-a with respect to an injury alleged to have occurred in the performance of his/her duties or to a sickness resulting from the performance of duties which necessitated medical or other lawful remedial treatment. In the event the Arbitrator decides the matter presents a termination of GML 207-a benefits, the District shall have the burden of proof by a preponderance of the evidence that the member is no longer eligible for GML 207-a benefits.

The Arbitrator shall have no right to amend, modify, nullify, ignore, add to, or subtract from the provisions of this procedure. The Arbitrator shall have no authority to make a decision on any issue not submitted or raised by the parties.

The decision and award of the Arbitrator shall be final and binding on all parties.

REVIEW OF DISABILITY

Section 15

(a) The Fire Chief or designee may periodically review cases of members receiving GML 207-a benefits for the purpose of determining whether the individual continues to be entitled to GML 207-a benefits, and in furtherance thereof may take such action as is appropriate under the law.

(b) Any individual who is receiving benefits under GML 207-a continues to be subject to provisions set forth in the Department's Book of Rules and in departmental orders concerning notification to the Department of the member's condition.

Section 16

Upon receipt of a certification from the Department Surgeon, or a physician-designee, that may include a physician designated by Workers' Compensation, that a member is able to perform the duties of his position, the Fire Chief or designee shall notify the member of the termination of his/her GML 207-a benefit. The Fire Chief or designee shall cause service of a written notice of termination setting forth the effective date thereof and a copy of the physician certification to be made on the member. The parties will use the form annexed as Attachment 5.

The Fire Chief or designee may, in his discretion, accept the opinion of the employee's personal physician that an employee is able to return to work consistent with the District's standards.

Section 17

If the member disagrees with the termination of the GML 207-a benefits, he/she may serve upon the Fire Chief or his designated representative, within fifteen (15) days after the receipt of the Fire Chief's notice, a written appeal for review of the initial determination, specifying the basis for the demand. If the basis for the demand is that the member disagrees with the Department physician's determination, he/she will attach to his/her appeal a medical report supporting his/her position.

Section 18

Upon receipt of a timely written appeal of the Fire Chief or designee's initial decision to terminate GML 207-a benefits, the Fire Chief or his designee shall reexamine all information considered in connection with review of the member's GML 207-a status. The member may submit additional documents concerning his/her GML 207-a status to the Fire Chief or his designee. The fire Chief or his designee may require the production of additional information concerning the member's GML 207-a status as set forth in Sections 8,9,15,16,and 17 of this procedure and/or may conduct an information conference with the member. The Fire Chief or this designee shall render a written decision of the appeal of the initial decision to terminate GML 207-a benefits no later than fifteen(15) days after receipt of all necessary information required pursuant to this Section 18.

Section 19

In the event the member is not satisfied with the decision at the Fire Chief's level and wishes to appeal, the member shall file within thirty days of receipt of the Fire Chief or designee's decision a written demand for arbitration of his/her termination of GML 207-a benefits and status. The claim shall be submitted to binding arbitration using the rules contained in the Voluntary Labor Arbitration Rules of the American Arbitration Association. The demand for arbitration will be filed with the Fire Chief or designee. Upon filing, the parties will contact the next arbitrator in rotation from among Thomas Rinaldo, Ira Lobel, and Jeffrey Selchick for designation as the arbitrator. If the arbitrator is unable to serve, the next arbitrator in rotation will be contacted.

The parties to the arbitration shall be the District and the member involved. All costs billed by the arbitrator and the administrative agency shall be borne equally by the District and the member. All other costs shall be paid by the party incurring such costs, i.e. witnesses, exhibits, transcripts, etc.

Section 20

The Arbitrator shall have the authority to review the claim of continued entitlement to GML 207-a benefits. The Arbitrator shall have the authority to consider and decide all allegations and defenses made with regard to the GML 207-a claim, including but not limited to assertions regarding the timeliness of the GML 207-a claim. In the event of a dispute between the parties as to the nature of the proceeding, the Arbitrator shall first decide whether the proceeding presents an issue of an applicant's initial entitlement to GML 207-a benefits or

whether the proceeding presents an issue of termination of GML 207-a benefits. The burden of proceeding with evidence as to the nature of the issue(s) presented shall be on the member. In the event the Arbitrator decides that the matter presents an initial GML 207-a claim, the member shall have the burden of proof by a preponderance of the evidence that he/she is entitled to receive the benefits set forth in GML 207-a with respect to an injury alleged to have occurred in the performance of his/her duties or to a sickness resulting from the performance of duties which necessitated medical or other lawful remedial treatment. In the event the Arbitrator decides the matter presents a termination of GML 207-a benefits, the District shall have the burden of proof by a preponderance of the evidence that the member is no longer eligible for GML 207-a benefits.

The Arbitrator shall have no right to amend, modify, nullify, ignore, add to, or subtract from the provisions of this procedure. The Arbitrator shall have no authority to make a decision on any issue not submitted or raised by the parties.

The decision and award of the Arbitrator shall be final and binding on all parties.

LIGHT DUTY

Section 21

If the Department Surgeon or designee makes a determination that the member is not capable of performing his/her regular duties but is capable of performing "light duty," the Fire Chief or designee may require the employee to return to work light duty. In such an instance, the physician making the light duty determination must be provided with a written description of the essential conditions and responsibilities for the proposed light duty position. Any determination on light duty must set forth in writing any limitations on the duties of the position that will apply to the member. In making these determinations, the parties will use the form attached as Attachment 6.

Section 22

If the member disputes the light duty determination, he may appeal the determination using the procedures set forth in Sections 18, 19 and 20. Any such appeal must include the factual basis for the appeal, including any medical reports that dispute the light duty determination.

Section 23

Provided the employee files a timely appeal that complies with Section 22, the member's GML 207-a benefits shall continue until the Arbitrator renders a decision or the member abandons the appeal.

GENERAL PROVISIONS

Section 24

In the event that any article, section or portion of this procedure is found to be invalid by a decision of a tribunal of competent jurisdiction, then such specific article, section or portion shall be of no force and effect, but the remainder of this procedure shall continue in full force and effect. Upon the issuance of a decision invalidating any article, section or portion of this procedure, either party shall have the right immediately to reopen negotiations with respect to a substitute for such invalidated article, section or portion of this provision.

Section 25

An applicant hereunder may have a representative of his/her choosing at any state of this procedure.

Section 26

Section 27

This procedure shall take effect upon ratification by the parties and shall apply to any claim of entitlement to or use of GML 207-a benefits made after that date. In the event utilization of GML 207-a benefits after said date is based on an injury in the performance of duty or sickness as a result of the performance of duty which allegedly occurred prior to the ratification by the parties, the member shall comply with the terms of this agreement, within thirty (30) days of ratification of this agreement. Upon the filing of the Section 4 form, the claim for utilization of GML 207-a based on a prior injury or illness shall be decided in accordance with the terms of this procedure. If there is a dispute as to the date of occurrence of this injury or sickness, the member shall have the burden of proof by a preponderance of the evidence that the injury in the performance of duty or sickness as a result of performance of duty occurred prior to the date of ratification by the parties.

MUTUAL EXCHANGE OF RECORDS

Section 28

At all steps of this procedure the parties will mutually exchange all relevant documents, including all relevant medical records. Upon reasonable advance notice, the parties may be required to provide reasonable required medical updates.

Section 29

Any medical records exchanged in this proceeding will be kept confidential and shall not be re-disclosed except as expressly permitted or required by law. Records concerning GML 207-a will be kept separate and distinct from any other personnel files or records.
